COLOR research and application
Index to Volume 23, 1998

This is the eleventh index to *COLOR research and application*. It covers Volume 23, 1998.

In the Subject Index, items are listed under one or more subject categories (listed below) ranging from AIC to Whiteness. The title of the item is followed by the author(s), volume, page, and year. If the item is a Classic Article, Color Forum, Communications and Comments, or Meeting Report, the appropriate words will appear after the title; articles are not specifically designated in this way. Book and video reviews are listed as "Review of . . . ."

The Author Index, is similarly structured within listings. Items are listed under the name of the first author, in alphabetical order. Co-authors are listed and cross referenced.
